# AUTOPOON 4019

Outstanding hydrophobicity

ZSCHIMMER & SCHWARZ

# AUTOPOON 4019

## Outstanding hydrophobicity

Discover AUTOPOON 4019, the newest development of Zschimmer & Schwarz for creating temporary hydrophobic surfaces.

Whether your products enhance car surfaces, household items or industrial areas, AUTOPOON 4019 is your go-to solution. Formulated with precision, it combines a cationic surfactant with carefully selected auxiliaries, making it easy to use and an exceptional choice for various applications.

### CAR CARE ESSENTIAL

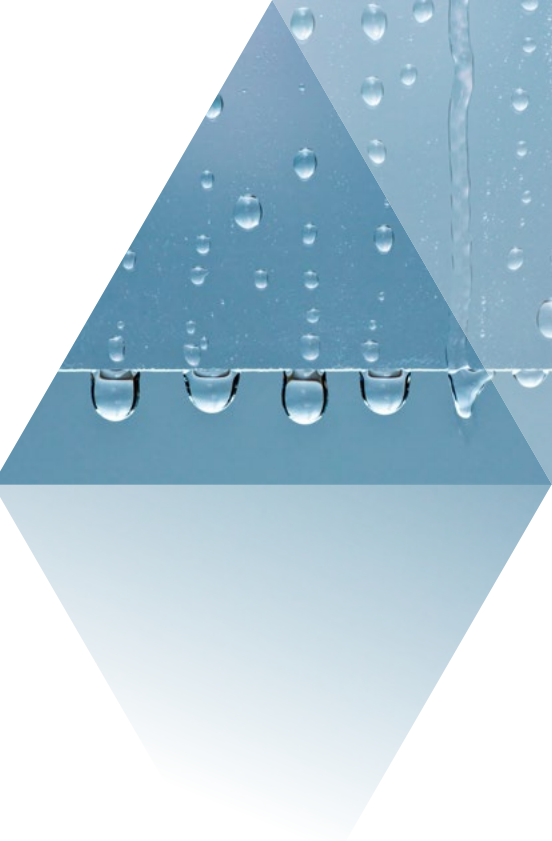

Achieve optimum water repellency and shine in car washing applications, ensuring that vehicles stay spotless and glossy.

### HOUSEHOLD HYDROSHIELD

Transform surfaces in any home with water-repellent properties: AUTOPOON 4019 adds a touch of brilliance to shower cabins, countertops, glass and more.

### INDUSTRIAL INNOVATION

Prolong cleanliness and create water-resistant surfaces: thanks to a temporary layer of cationic surfactants, AUTOPOON 4019 ensures clean surfaces and water resistance in I&I settings.

---

### BENEFITS

- ▶ Hydrophobic properties
- ▶ Water-free
- ▶ Extremely efficient
- ▶ Biodegradable
- ▶ Easy to use
- ▶ Free from butylglycol
- ▶ Easy cleaning
