

chemistry tailor-made.

THE ZSCHIMMER & SCHWARZ GROUP

Chemistry makes it possible

Cosmetic products that also gently care for sensitive skin. Sports shoes in which you won't get wet feet, no matter how difficult the challenge. Detergents that not only scrub the surface but clean deep and thoroughly. Tiles that are very colourful, sturdy and easy to care for. Thanks to modern chemistry, the things of everyday life become more colourful and durable, safer and cleaner.

Whether to the cosmetics and care industry, clothing sector or construction industry, or for the manufacture of paints and varnishes, automotive and mechanical engineering, or consumer-goods production – Zschimmer & Schwarz supplies a wide variety of industries with tailor-made chemical auxiliaries and specialities. Always in the background but at the same time an innovative driving force for making products more effective, robust, versatile and efficient. We make it possible.

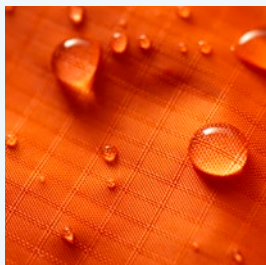

Progress since 1894

We combine the knowledge of our application technology with sales expertise to offer tailor-made solutions to our customers worldwide. Our seven business divisions are globally positioned and focused on the industry-specific, regional and individual requirements of our customers – this is our promise: »Chemistry tailor-made«.

Our business divisions

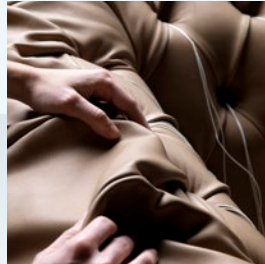

Fibre & Textile Auxiliaries

Our chemical auxiliaries ensure perfect results in the production and further processing of filament yarns, fibres and nonwovens. Specially coordinated spinning finishes and components ensure smooth processes for the production of man-made fibres and nonwovens. We also offer a wide range of products for pre-treatment, dyeing and printing as well as finishing and coating. The ECOLUTION product line offers sustainable, nature-based products for pre-treatment, dyeing and functional finishing that combine the highest quality with ecological responsibility.

Leather Auxiliaries

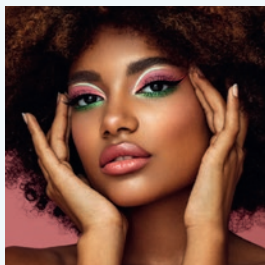

We are one of the internationally leading suppliers of speciality products for the leather industry. Our broad product range offers customised solutions from wet end to finishing. Our sustainable S-Range and our bisphenol-free tanning agents and fillers enable a more environmentally friendly production of leather articles.

Ceramic Auxiliaries

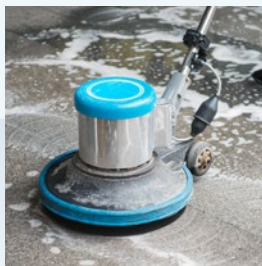

With more than 600 speciality products, we offer comprehensive solutions for the ceramic, powder metallurgy and glass industries and constantly develop our products further. Whether in preparation, shaping, glazing or decorating – our chemical auxiliaries and additives allow your ideas to take shape.

Personal Care

Versatile products for the cleansing and care of skin and hair as well as decorative cosmetics make life more well-groomed, beautiful and colourful. Our product range includes high-quality ingredients for virtually all application areas and for sustainable formulations that can be labelled COSMOS-certified, NATRUE-approved or RSPO-MB-certified.

Cleaning Specialities

Whether Home Care, Car Care or I&I – our surfactants, polymers and phosphonates ensure economical and ecological results everywhere and at all times. Thanks to our solutions, products are manufactured that make life cleaner for people all around the world. Environmentally friendly, efficient, compatible even with sensitive surfaces: this is cleaning at its best.

Industrial Specialities

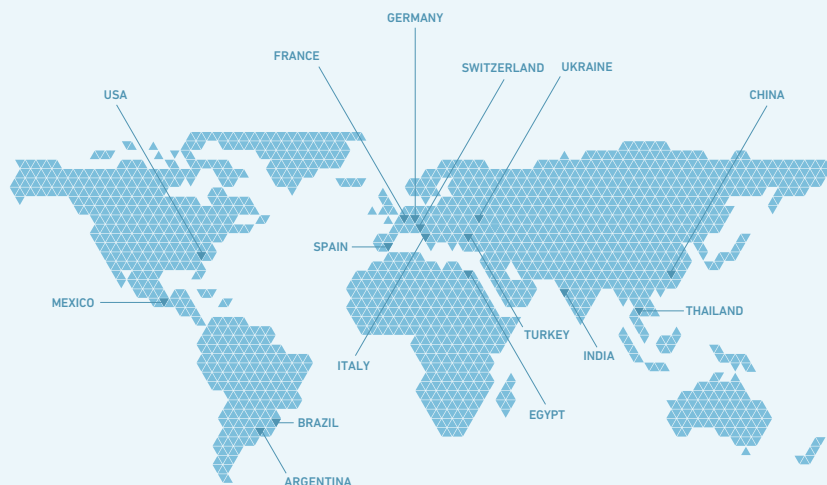

In water treatment, on oil fields, in agriculture, in the pulp and paper and construction industry as well as in coatings, dyes and varnishes: our surfactants, phosphonates, polymers and other chemical compounds guarantee perfect results. They set the standard in terms of safety, environmental awareness and quality.

Lubricants

Our base stocks, additives and private-label lubricants make equipment operation and industrial processes safe and efficient. A wide range of synthetic esters meets the requirements of industrial, automotive, marine and dielectric fluid applications. Our tailor-made solutions are environmentally friendly, food-safe, fire-resistant and bio-derived.

Zschimmer & Schwarz is a global supplier of chemical auxiliaries and specialties headquartered in Lahnstein near Koblenz, Germany. The family business was founded in Chemnitz in 1894 and is positioned across industries with seven business divisions.

We develop, produce and distribute tailor-made chemical auxiliaries for the leather, ceramic, textile and chemical fibre industries. Manufacturers of cleaning agents, personal care products, lubricants and industrial applications all over the world trust in our company's chemical specialties as well.

The Zschimmer & Schwarz Group has more than 1,500 employees worldwide and comprises 27 companies in 16 countries on five continents.
