CEFASOFT ECO-SEW

The ECOLUTION of sewability

Our sustainable and plant-based CEFASOFT ECO-SEW improves the sewability properties of knitted goods. Due to its distinctive smoothing effect, this sewing agent prevents hole formation during sewing. Furthermore, CEFASOFT ECO-SEW imparts typical gliding properties to strings, zippers, ropes and similar articles, thus improving wear quality.

BENEFITS

- ▶ Improves the sewability of knitwear to avoid needle damage
- ▶ Smooth surface touch
- ▶ Suitable for all fibre types
- ▶ Vegan
- ▶ Raw material not used for food and feed industry
- ▶ Reduces carbon footprint
