Non-hazardous polyamide fixing  
for brilliant shades

ZSCHIMMER & SCHWARZ

# ZETESAL ECO-FIX shine

## Non-hazardous polyamide fixing for brilliant shades

With ZETESAL ECO-FIX shine, the latest development in our product range for polyamide fixing, Zschimmer & Schwarz offers an innovative solution for brilliant shades. The product is free of any bisphenol, phenol and formaldehyde and enables time and energy savings during production as well as a reduction of the CO<sub>2</sub> footprint compared to standard products. It was designed to offer very good fastness levels for fluorescent shades and for prints on white ground.

ZETESAL ECO-FIX shine is part of our innovative ECO LOGIC! line and completes our ecologic product range with plant-based ZETESAL ECO-FIX PA/PA liq.
