ZSCHIMMER & SCHWARZ

COLOURFUL AUTUMN COLLECTION

The golden and orange-red colours of foliage, the sound of crisp dry leaves under your feet, the taste of roasted chestnuts and the delicious smell of pumpkin spice latte... autumn is here!

As the seasons change, so should beauty routines. Autumn brings cooler weather and a drop in humidity, which makes for dry air and even drier skin. Opting for gentle, smooth cleansing products and keeping skin and hair well hydrated is essential: formulations need to be richer and should offer extra moisturising ingredients. Zschimmer & Schwarz provides different formulations for skin and hair care during this transitional season.

“FLAWLESS SKIN” PRIMER
(ZS_PCC_105_125)

Since the skin typically becomes drier in the colder months, extra moisturising is essential in the autumn beauty routine. Thanks to the light, non-greasy ZETEMOL 99 and ZETEMOL OL, our make-up primer optimises the surface of the skin before foundation is applied while keeping it hydrated. The skin appears flawless, pores seem smaller, and a smooth surface is created so make-up can be applied evenly.

BENEFITS

- ▶ Make-up base
- ▶ Hydrating
- ▶ Comfortable wear
